Answers written in the margins will not be marked.

Answers written in the margins will not be marked.

- 13 **Why does the young man say he has sometimes borrowed money?**
- A His work income has not always covered family needs.
 - B He wants to improve his credit record quickly.
 - C He believes borrowing is easier than working.
 - D His family advised him to borrow regularly.
- 14 **What was the researcher mainly trying to understand in Woldham?**
- A How local banks calculated interest rates.
 - B Why residents avoided formal interviews.
 - C How residents managed ordinary life financially.
 - D Which residents had the largest debts.
- 15 **What did the researcher find about debt in the housing estate?**
- A It affected only a small number of unusual cases.
 - B It had become a normal feature of residents' lives.
 - C It was mostly discussed in official meetings.
 - D It disappeared once people talked about it.
- 16 **In this context, what does 'making ends meet' mean?**
- A Saving enough money for future investments.
 - B Borrowing money to improve living standards.
 - C Earning more than one's neighbours.
 - D Having enough for basic living costs.
- 17 **How does the programme contrast debt for different income groups?**
- A Regular income may make debt manageable, while low income can make it distressing.
 - B Low-income workers usually avoid debt, while high earners often borrow more.
 - C Unemployed people are less affected because they have fewer bills.
 - D People with regular income always clear debts quickly.
- 18 **What inner conflict did the young man experience about his debts?**
- A He was certain that debt should never be repaid.
 - B He wanted his partner to take full responsibility.
 - C He moved between wanting to repay and questioning the duty to repay.
 - D He believed small payments solved the problem completely.

19 **What concrete consequence of the couple's worsening financial situation is mentioned?**

- A They failed to pay some bills and lost internet access.
- B They moved to a different housing estate.
- C They were refused all future employment.
- D They immediately won financial support.

20 **What wider conclusion does the discussion draw about debt?**

- A Debt is mainly a private mistake with no wider relevance.
- B Debt is best handled by avoiding all conversations about it.
- C Debt affects only people who refuse to budget carefully.
- D Debt is a serious social issue, but help may be available.
