Score: _____ / 16

No.	Sentence
1	One woman says that she and her sister get along now. Their relationship improved in _____.
2	One sister moved abroad to work as a _____.
3	The other two sisters remained in _____.
4	Despite the distance, one sister describes their relationship as very _____.
5	Asked to describe her sister, an older sister agrees that she is _____.
6	She also says that this sister likes to _____.
7	A common label presents the middle sister as a _____.
8	A therapist says _____ helps people make sense of behaviour.
9	However, the therapist says scientists have found no _____ for these fixed family roles.
10	In one woman's own family, it is her _____ who tends to be bossy.

11 **What was the sister's initial concern before speaking with her siblings publicly?**

- A They might refuse to join the conversation.
- B They might reveal an unflattering view of her.
- C They might disagree about where they grew up.
- D They might question her choice of profession.

12 **How does one sister feel about the bond among the three of them?**

- A Unsure whether it will last.
- B Surprised it has become distant.
- C Concerned that it limits her freedom.
- D Pleased that they remain close.

Answers written in the margins will not be marked.

Answers written in the margins will not be marked.

- 13 **What picture emerges from the older sister's description of her sibling?**
- A She follows others' decisions but avoids arguments.
 - B She follows her own path and prefers to direct events.
 - C She depends on others and seeks their approval.
 - D She avoids decisions and keeps her views private.
- 14 **How are the usual birth-order labels presented in relation to this family?**
- A They are familiar claims that do not fit these sisters.
 - B They are proven patterns that explain these sisters.
 - C They are rules that apply only to the youngest sister.
 - D They are descriptions that the sisters invented themselves.
- 15 **What purpose does the final personal example serve in the discussion?**
- A It shows that younger sisters are always more assertive.
 - B It proves that the eldest sister is usually a peacemaker.
 - C It challenges the expected link between age and bossiness.
 - D It explains why sisters become closer when they are adults.
- 16 **Taken together, what do the sisters' experiences and the therapist's comments imply?**
- A A person's family position alone is a poor guide to character.
 - B A person's family position always determines character.
 - C Sisters living apart are more likely to reject labels.
 - D Sisters become less independent as they grow older.
