18	Topic: Which film earned _____ ever?
19	Answer revealed: _____
20	Source of information: _____

What is Phil's purpose in mentioning bucket lists at the beginning of the conversation?

- A To explain why people create shopping lists
- B To illustrate the widespread use of different types of lists
- C To introduce Jo Nolan's research methodology
- D To contrast practical lists with aspirational ones

What can be inferred about Jo Nolan's approach to grocery shopping?

- A She prefers to use formal language in her lists
- B She relies on detailed descriptions to avoid confusion
- C She follows her husband's preferences strictly
- D She employs personalised abbreviations for efficiency

Why does Phil describe lists as 'secret codes'?

- A Because they use abbreviated forms that only the writer understands
- B Because they contain information meant to be hidden from others
- C Because they require special training to interpret correctly
- D Because they are written in foreign languages

What is Beth's attitude when she guesses the answer to Phil's movie question?

- A She is confident about her knowledge of film history
- B She is dismissive of the question's relevance
- C She is uncertain and acknowledges possible confusion
- D She is critical of the movie industry's priorities

According to Jo Nolan, what is one key advantage of the song 'My Favourite Things'?

- A It uses sophisticated vocabulary to express emotions
- B It delivers significant impact through economical expression
- C It appeals primarily to children's sensibilities
- D It demonstrates advanced musical composition techniques

What does Jo Nolan suggest about how lists facilitate communication?

- A They enable rapid access to core concepts without unnecessary elaboration
- B They require extensive explanation to be properly understood
- C They are most effective when using complete sentences
- D They work best when written in formal language

What criticism does Jo Nolan acknowledge regarding 'My Favourite Things'?

- A The melody is too complex for ordinary listeners
- B The vocabulary choices are inappropriate for children
- C The lyrics are overly optimistic and lack depth
- D The song's message is overly sentimental and insincere

What does the example of Jo Nolan's friend demonstrate?

- A That lists are primarily useful for shopping purposes
- B That professionals rely on lists more than ordinary people
- C That structured lists can facilitate decision-making processes
- D That most people struggle to make choices without help

What can be inferred about Beth's view on the therapeutic use of lists?

- A She regards it as a surprisingly effective and simple technique
- B She questions the scientific validity of such recommendations
- C She believes it only works for people with specific conditions
- D She thinks it requires professional guidance to be effective

What is Phil's tone when revealing the answer to his movie question?

- A Disappointed that Beth guessed correctly
- B Pleased to confirm Beth's accurate prediction
- C Surprised by the database information
- D Critical of Beth's reasoning process
